THE NEW
MBOX
SHOWER ENCLOSURES

O

X

M O

The new MBOX range of shower enclosures are smart and elegant, carefully selected to offer excellence in design, durability and affordability.

The new MBOX range delivers stylish, quality products with additional features and benefits including new heights of 1900mm and comes with pre-assembled fixtures making it easier to fit.

MBOX now offers new loft sizes for our sliding and two door quadrants. This is ideal for loft spaces and low ceilings, making the most out of the space in your bathroom.

M B O X Product Information

All MBOX products are manufactured in accordance with EN 14428 and utilise toughened safety glass to EN 12150.

All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.

Aluminium sections are extruded to BS 1474 from alloys complying with BS 6463 and coated to BS 6464.

All enclosures, are Power Shower approved – will retain water under normal showering conditions.

Water retention is maintained in all products under normal showering conditions.

Opened cartons can not be returned. Returns carry a £40 box charge or £60 per unit where the sale is less than 7 days old. Returns over 30 days old will not be accepted.

All products are supplied complete with full installation instructions and the necessary fixings.

Check with your dealer for accurate matching of material samples.

Product descriptions do not imply the use of precious or valuable materials.

Our policy of reviewing product design and development on a regular basis means Merlyn reserve the right to change product specifications and prices without notice.

Only shower enclosures, panels and bath screens are covered by guarantees. Please contact the Merlyn sales team for more details.

Glass shattering and parts subject to wear are not covered by your guarantee.

Lifestyle images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.

Bath Screen Information

Bath screen is not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes. Fitting of screen on baths which have a raised head rest or shape is not recommended. Screen must not be impaired by bath handles.

MBOX Bath Screens are not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes.

There must be no items causing obstruction with the seal and bath, as any of the above may cause leaks.

When choosing your Bath Screen, please ensure that if your bath has bath handles, that they do not interfere with the bath rim area where your screen will be placed.

When choosing an in-swing or folding Bath Screen, please ensure your swing area is not interfering with any brassware or internal shower features. Similarly, when choosing an out-swing, please ensure the out-swing area is free from any obstructions.

MBOX Bath Screens are suitable for standard pressure showers and are not recommended for use with power showers.

It is recommended that the shower head position is situated on the same wall to which the Bath Screen is fixed and in the centre of the shower area.

Merlyn invests heavily in its product development and as such guarantees that its glass fully complies with regulations and its manufactured in accordance with BS EN 14428.

The rigorous testing of the glass ensures that the endurance, stability and water retention criteria meet high industry standards

Due to our policy of continuous improvement, we reserve the right to amend prices, specifications and designs without prior notice. Images are for illustrative purposes only. The colours and finishes shown in the catalogues are as accurate as possible within the limits of the printing process. All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.

Adjustment

This is the min and max adjustment of the actual enclosure. These are the adjustment dimensions of the actual door excluding the tray. Therefore, these are the dimensions to follow when installing an enclosure in a wetroom application without a tray.

Cleaning

It is important to clean your MBOX shower door after every use.

Wipe down all the glass and metal parts with a soft cloth.

Do not allow lime scale to build up in hard water areas.

Ensure that any residual water on the glass is removed after every use.

Clean the glass regularly using soapy water.

Do not use abrasive products on any surfaces.

Install the enclosure in a well ventilated area.

Information and Maintenance

Always read the instructions on the packaging, chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

Important shower tray information

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an "up-stand". The finished installation space may be less than the nominal tray size.

Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.
