

nest

Welcome to the
thoughtful home.

Your home keeps you safe.
Warm. Comfortable.
But what if it could do more?
What if it knew you?
And what you liked?
Imagine if it could help you.
If it could take care of
things for you.
Turn down the heating.
Tell you if there's trouble.
This is the kind of home
that we're creating.

The thoughtful home.

Nest Learning Thermostat Programs itself. Helps save energy.

The Nest Thermostat learns the temperature that you like when you're at home. And turns itself down when you're out to help save energy. And you can control it from your phone.

No more programming.

Just turn it up and down. With Auto-Schedule, the Nest Thermostat learns from you and programs itself.

Control it remotely.

Change the temperature from anywhere using your phone, tablet or laptop.

Check your Energy History.

See how much energy you've used and why. The more you know, the more you can save.

Save while you're away.

It uses sensors and your phone to tell when you're out and turn down the heating.

Manage your hot water.

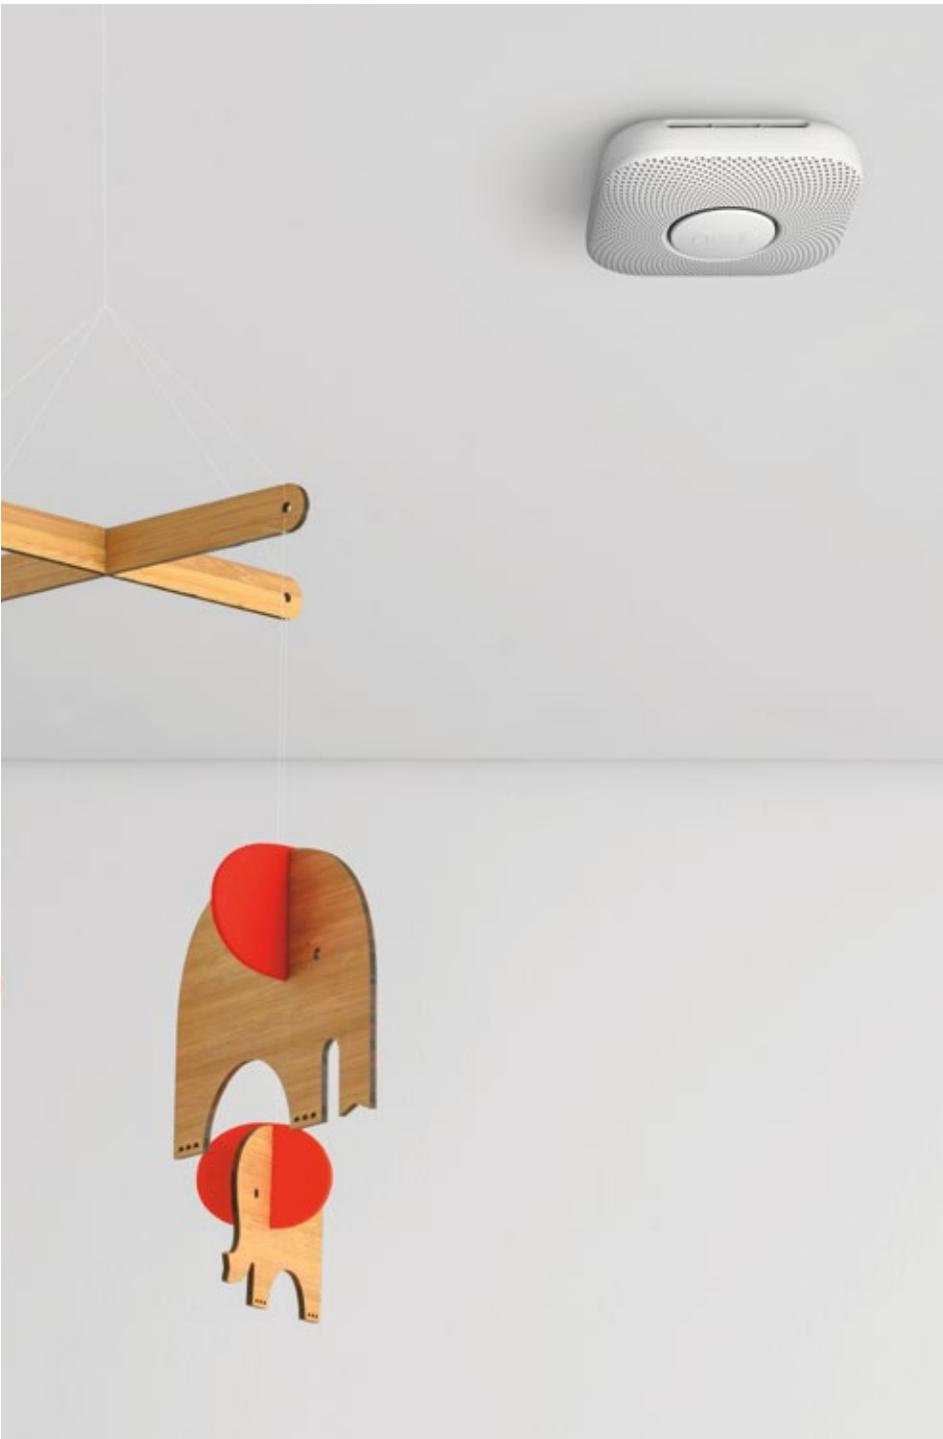

The Nest Thermostat can control your hot water tank. You can even adjust the hot water schedule from your phone.

Hello, Leaf.

Know that you're saving energy. Look for the Nest Leaf when you change the temperature.

Energy savings are not guaranteed and depend on energy usage, weather and other factors. Learn more at nest.com/eu/savings

Nest Protect

The smoke and CO alarm that thinks, speaks and alerts your phone.

There's never been a smoke and CO alarm quite like this. Nest Protect looks for fast-burning fires, smoldering fires and carbon monoxide. It also speaks up when there's a problem and can even send a message to your phone in case you're not at home.

Get alerts on your phone.

Nest Protect can send you a message when there's a problem or if the batteries are running low.

Every second counts.

The Split-Spectrum Sensor looks for both fast- and slow-burning fires.

Tells you what and where.

Nest Protect speaks up if there's smoke or CO and tells you where it is so that you know what to do.

Silence from the Nest app.

Just burned the toast? Silence the false alarm with your phone, not your tea towel.

Sees the CO that you can't.

Carbon monoxide is an invisible, poisonous gas. Nest Protect tells you where it's hiding.

10-year life span.

Nest Protect's long-lasting sensors keep you safe and sound for up to a decade.

Nest Cam IQ

A sharper way to look after home.

Nest Cam IQ has incredibly crisp, clear 1080p HD video and HD Talk and listen. It can identify when someone's in your home, alert you and zoom in to see who's there.

Person alerts.

Get alerts that matter when someone walks into the room or appears in frame.

Supersight.

A 4K sensor, 12x digital zoom and High Dynamic Range (HDR) imaging offer extra-clear video that can automatically zoom in and follow a person's movements.

HD Talk & Listen.

Hear exactly what's happening and talk back clearly to family and pets.

24/7 live streaming.

The 130° view shows the full picture in crisp 1080p HD. Night Vision and 940 nm infrared LEDs illuminate the room evenly.

Instant alerts and snapshots.

Receive Activity Alerts and a snapshot of what happened. With the Nest app, you can control and watch live from anywhere.

Familiar face alerts.[†]

Get a notification if the camera sees a family member – or a stranger.[†]

[†] Familiar face alerts require a Nest Aware subscription, sold separately.

Nest Cam Indoor

Look after home 24/7. Know when something happens.

Live streaming. Continuous cloud recording with Nest Aware.

No dead batteries. No missing moments. This is what an indoor security camera should be.

24/7 live video.

130° view shows you everything in 1080p HD, day and night.

Alerts on your phone.

Get activity alerts so you know if anything happens while you're away.

Talk and listen.

Nest Cam has a mic and speaker so you can hear what's going on and talk through the Nest app.

Three-hour snapshot history.

See photos of activity from the last three hours for free in the Nest app.

Clear as day. Even at night.

Eight infrared LEDs evenly illuminate the whole room.

Nest Cam Outdoor

Security, rain or shine. On your phone 24/7.

Weatherproof. Live streaming. No dead batteries.
Person alerts with Nest Aware (sold separately).
Security has never looked so good.

24/7 live video.

130° view shows you everything in 1080p HD, day and night.

Clear as day. Even at night.

Night Vision evenly illuminates the whole scene.

Alerts on your phone.

When Nest Cam detects activity, it can send a phone alert with a photo of the event. It will even save it for three hours in the Nest app.

Talk and listen.

Let someone know you're paying attention or tell the postman to leave the parcel at the door.

Rain or shine.

Camera, cable and adapter are all weatherproof, so you can leave it out in the rain.

Don't miss a thing with Nest Aware.*

Person alerts.

Nest Cam can send you a special alert when it sees a person. So you can see when someone's actually there.

Familiar face alerts.

Get a notification if the camera sees a family member – or a stranger.

See the whole story.

Continuously record up to 30 days of video in the cloud. And quickly find the moment that you're looking for in the Nest app.

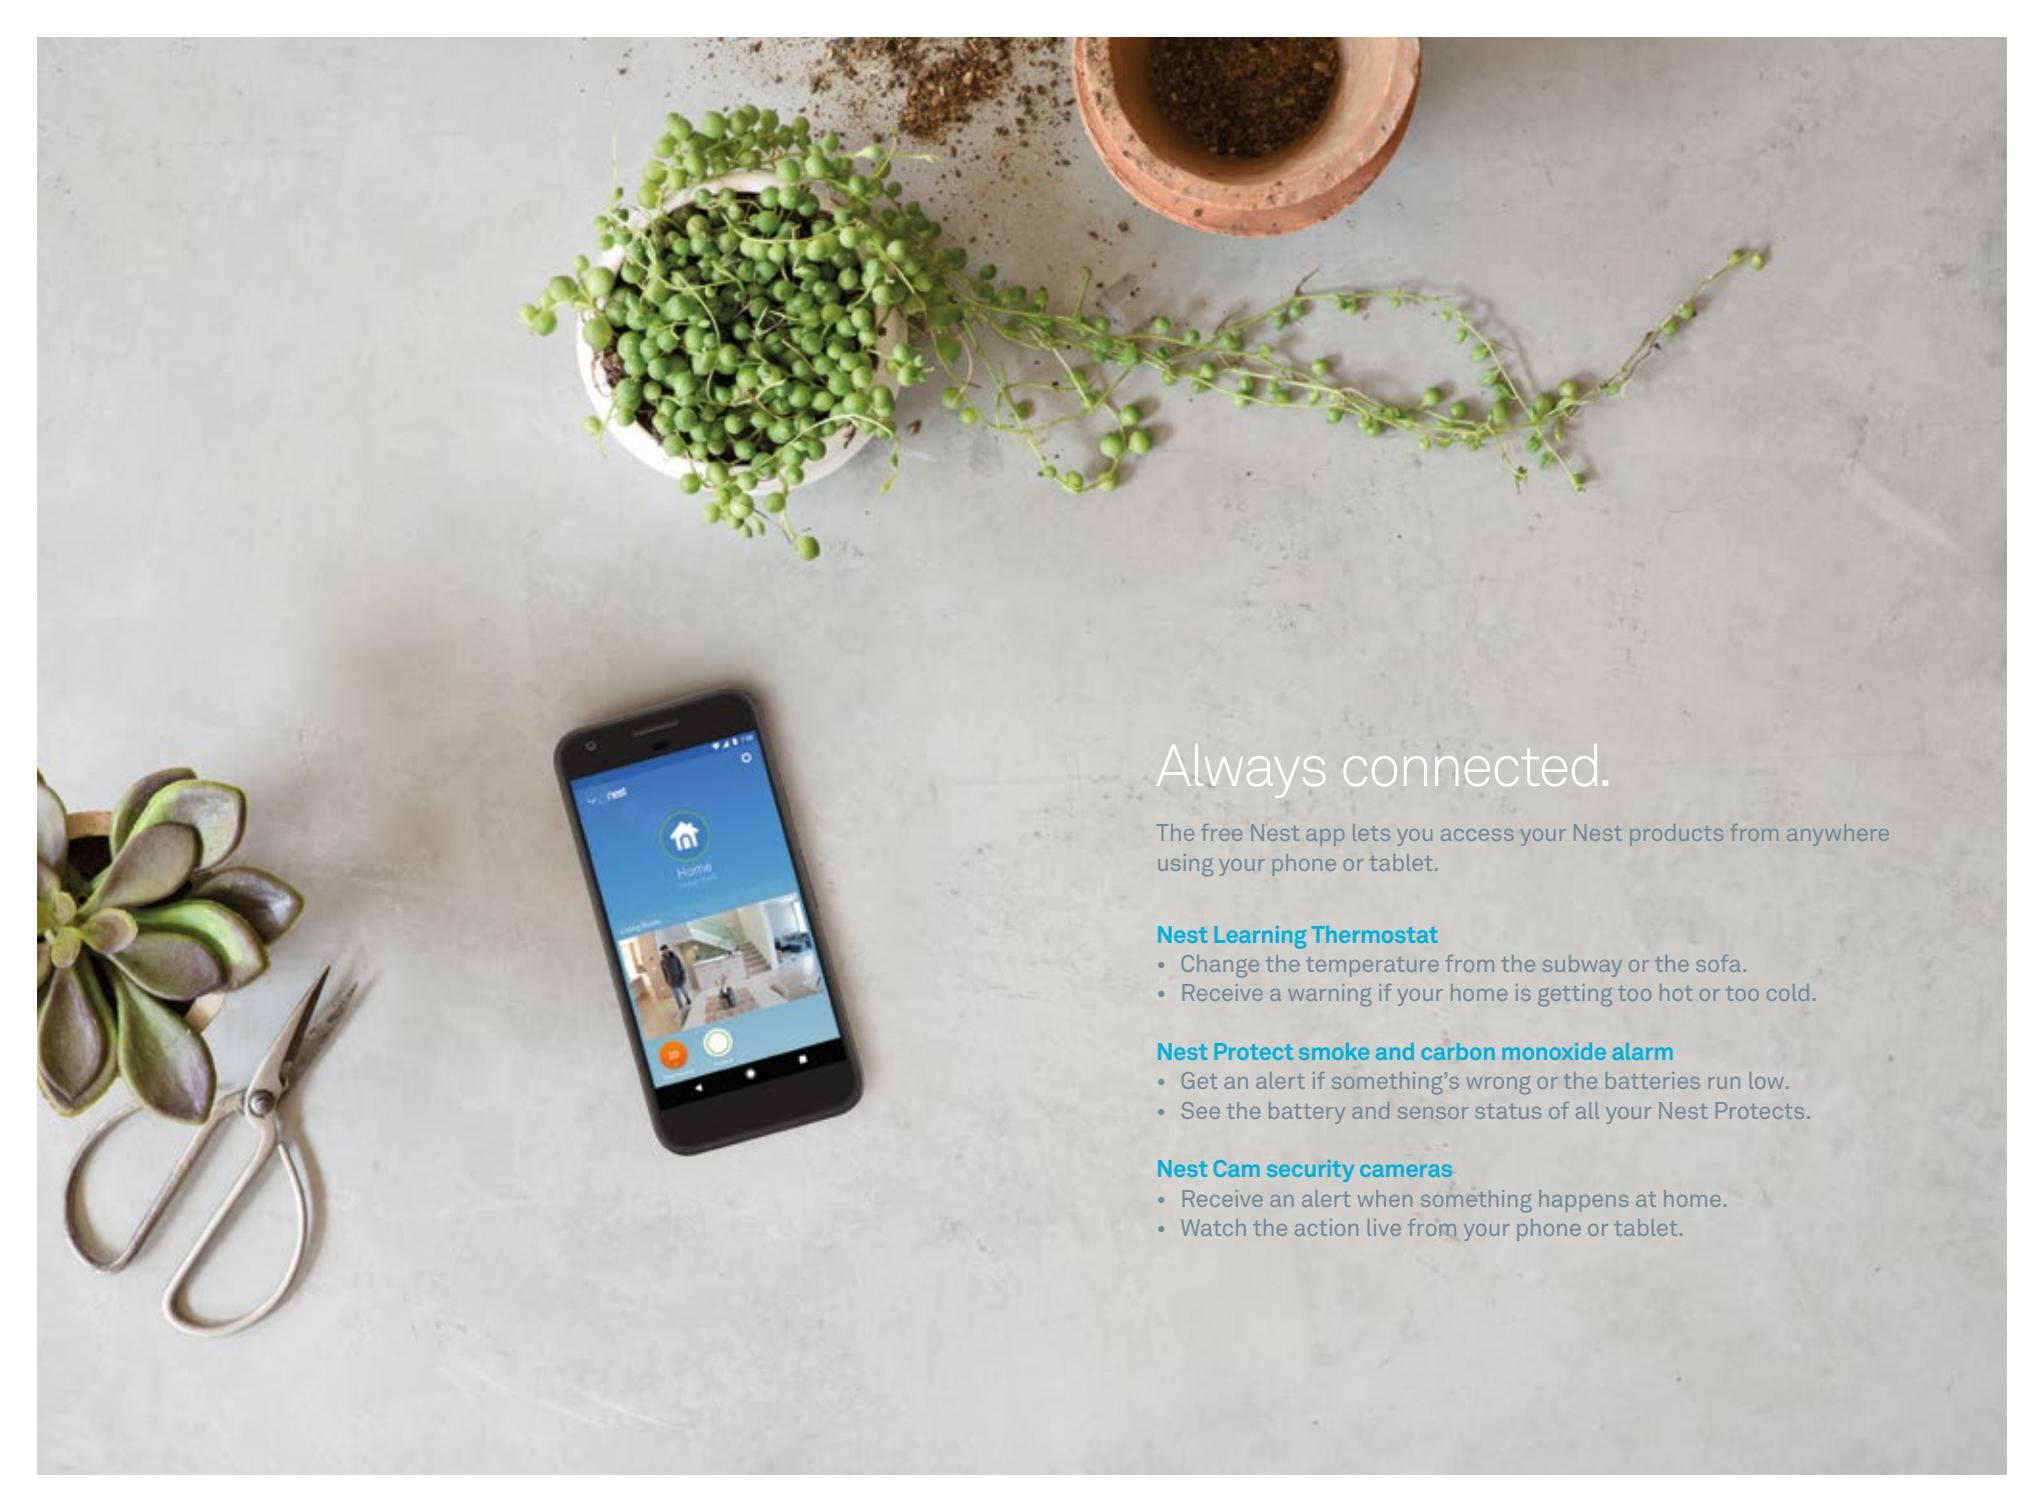

Create clips.

Create a custom clip or timelapse to download and share with friends or family.

*With Nest Aware subscription, sold separately. Video streaming, video recording and mobile notifications require working Internet and Wi-Fi. Person alerts included with Nest Cam IQ. Familiar face alerts only available for Nest Cam IQ.

Always connected.

The free Nest app lets you access your Nest products from anywhere using your phone or tablet.

Nest Learning Thermostat

- Change the temperature from the subway or the sofa.
- Receive a warning if your home is getting too hot or too cold.

Nest Protect smoke and carbon monoxide alarm

- Get an alert if something's wrong or the batteries run low.
- See the battery and sensor status of all your Nest Protects.

Nest Cam security cameras

- Receive an alert when something happens at home.
- Watch the action live from your phone or tablet.

Better together.

When you add more Nest products to your home, they can automatically work together.

Nest Cam Outdoor + Nest Learning Thermostat

When your Nest Thermostat notices that you're out, it can automatically turn on alerts from your Nest Cam. So when you go on holiday, your Nest Thermostat turns itself down, and Nest Cam turns itself on.

Nest Thermostat + Nest Protect

Heating systems can cause carbon monoxide leaks or spread smoke through your home in a fire. In an emergency, Nest Protect can tell your Nest Thermostat to turn off the heating to keep the danger from spreading.

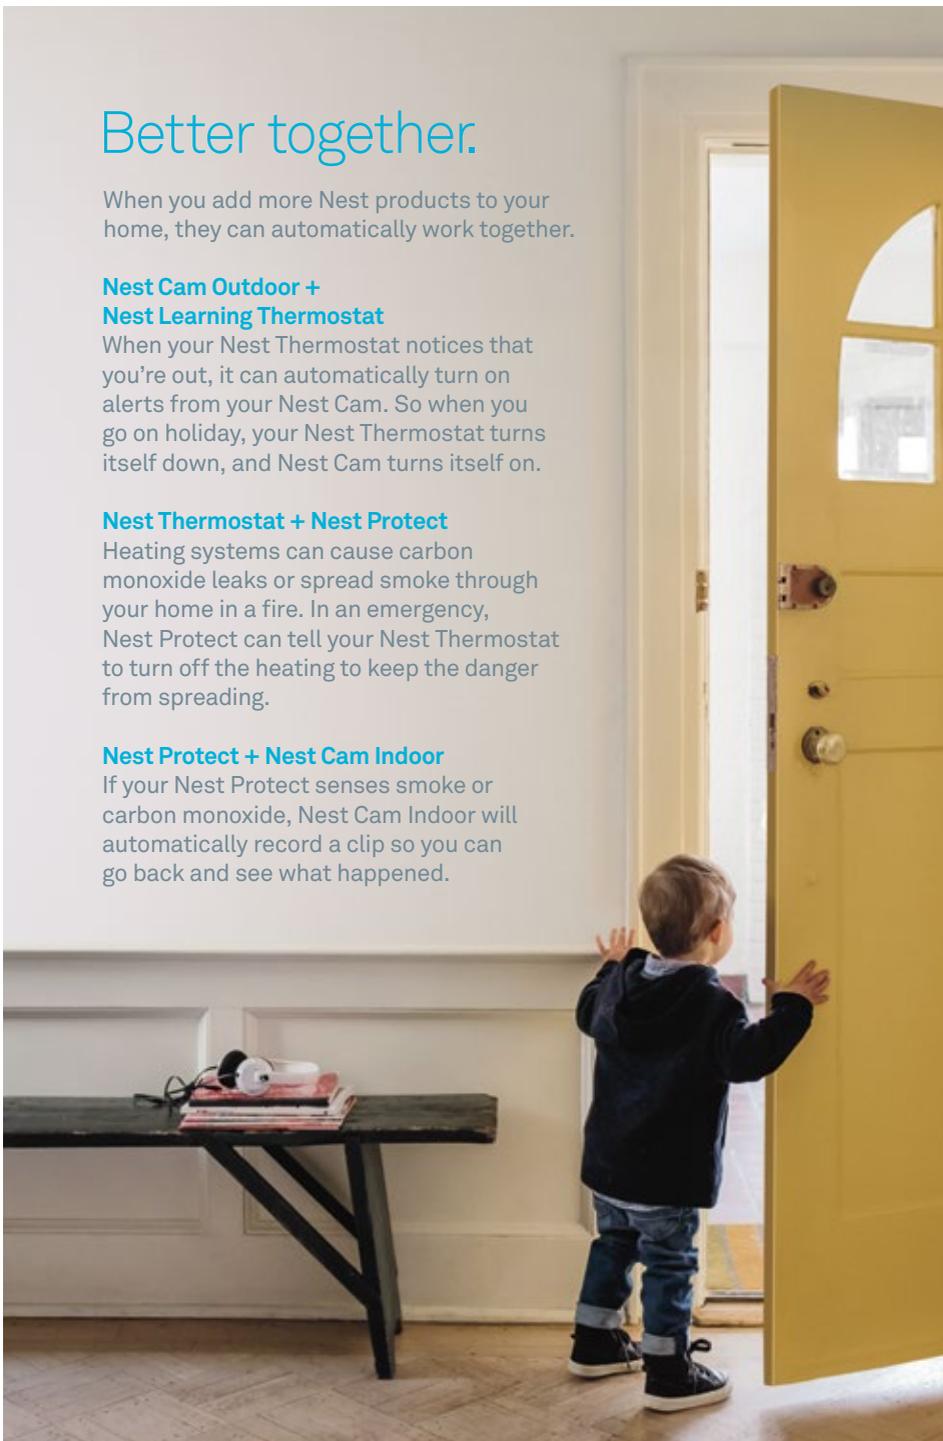

Nest Protect + Nest Cam Indoor

If your Nest Protect senses smoke or carbon monoxide, Nest Cam Indoor will automatically record a clip so you can go back and see what happened.

A smart home that's actually smart.

When products work with Nest, you don't have to tell them how to connect. Or what to do. They just work. In real homes, for real people.

Just look for the Works with Nest logo. Today, lots of things around the house connect to Nest, such as lights, appliances and cars. And more are being added to the list every day. Go to nest.com/uk/works-with-nest to see what works with Nest.
